Red Blood for Pale People!

A big supply of red blood corpuscles is what helps to make any man or woman have a healthy, pink complexion and cherry red lips. Resort to paint and powder are totally unnecessary, and, besides that, are harmful. Three-grain hypo-nuclane tablets, if used regularly for several months, seem to create a greatly added number of millions to the red and white corpuscles of the blood, and not only improve the color, but add increased flesh to the thin and frail body. These tablets promote assimilation, absorption and digestion, and this splendid aid to nature's forces transforms the complexion and figure. They are prescribed by physicians, but being of a perfectly harmless character, self-administration is being followed by many, who obtain them direct from any well-stocked apothecary shop.—Adv.

WASHINGTON. April 17.—"Give the people food to conserve and they will look after the supervision of it," said food supplies to the North. WASHINGTON, April 17 .- "Give the Charles Lathrop Pack, president of the National Emergency Food Garden Com-mission, before leaving Cleveland, O., where the Chamber of Commerce and he Greater Cleveland Carden Association are inaugurating an extensive home garden campaign.

"Conserve the nation's food supply," said Carl Vrooman, a member of the commission and Assistant Secretary of Agriculture, just before departing for tour of the Southern States to stimu-

late agricultural activities. Mr. Vrooman will visit Atlanta. Memphis, New Orleans, Houston, Dallas and other big cities. He will talk at meetings of chambers of commerce, boards of trade and civic bodies. His plea will be more food gardens, Transplant every backyard and every vacant lot into a food producing garden is his garden. food-producing garden is his gospel.

This nation-wide campaign for home gardens has received the indorsement of the chairmen of thirty-four State committees of the National League for Woman's Service. The National League for Woman's Service, of which Miss Maude Wetmore and Miss Anne Morgan are the chief officers, as a unit reached the conclusion at its meeting here that national prosperity to be perpetuated must depend primarily upon the food-producing energies of

"I notice." said President Pack, of the Food Garden Commission, "that war-time distribution of food supplies war-time distribution of food supplies for the nation's civilian population is to be placed under the central control of a commercial economy board. This is very good, but first let us give the country a sufficient food supply to supervise. Let us take steps first to lay the foundation upon which a great supply of foodstuffs may be had, civilians are in a position to help themselves, and it is the object of the National Emergency Food Garden Commission to show how and when to mission to show how and when to plant home gardens."
